

Annotation

Please finish reading “The Monkey’s Paw.” I want you to annotate Parts II and III.

What I am looking for:

- **Highlight** words that you are unfamiliar with.
- Put a ? next to sections that you have questions about. Since we have off next week, you may forget the questions you want to ask. Therefore, along with the question mark, put a note as to what it is you are questioning.
- Put a ☆ next to sections that you believe contain irony.

I will be checking your annotations!

*Something to think about....

What do you believe is the last wish?
