1. **Review Lecture #15** and answer the following questions:

A. **Explain the connection between the following: river, stream, watershed, river basin.** (You may want to sketch an illustration here.)

B. **What is water table** (you may want to sketch an illustration here too)?

2. During class, we mentioned the greatest river of Africa – Nile; the greatest river of South America – Amazon; and the greatest river system of North America – Missouri-Mississippi. **Search the Internet for the greatest rivers of Europe, Asia, and Australia.** List them below and provide any additional relevant details.

Europe:

Asia:

Australia:
